EXPERIENCE

Back-end Developer

Present Mvano Pharmacy

Worked with a team to create an Inventory Management System that comes with Point of Sale out of the box.

Back-end Developer

Present Risk Registry

My team created a software (SaaS) for organizations that needs to manage the risk. I worked on the back-end part of the system.

Software Consultant

2021 - 2022 Authentic Motors

I helped increase the website performance by 90% by solving and fixing N+1 queries and other bottlenecks that slowed the load time.

Back-end Developer

2021 - Present Betheli

I helped develop a Web-based Database Application for churches for archiving their important data for easier and better experience with my team.
